

LIFE'S LIKE THAT

By FRED NEHER

"They're not salesmen... We're planning a vacation trip and they're relatives."

Cancer Society Names New Education Assistant

Annual health checkups could reduce the cancer death rate in the United States by 25 per cent, says Mrs. Charles Gilkinson, newly appointed assistant education chairman for the local chapter of the American Cancer Society.

Mrs. Gilkinson urged those who had not had a checkup in the last year to do so at once. She also appealed to local residents who missed the April Crusade to mail his check to the American Cancer Society.

"THROUGH its films, literature, and other educational activities, the society helps to save lives by alerting the public to the need for early cancer detection," Mrs. Gilkinson explained.

She also added that the Cancer Society budgets one-third of its annual income for cancer research to find the cause and possible cure of cancers.

MRS. GILKINSON will assist area education chairman Dr. Richard J. Lescoe of Torrance in providing films, literature, and doctor-speakers for residents and organizations in the area.

Lescoe and Mrs. Gilkinson invited residents to call them at OR 2-8148 so that they may send a free pamphlet describing the steps everyone should take to protect himself from cancer.

Hi-Shear

Sales on Up Trend

George S. Wing, president of Hi-Shear Corp., has announced an increase in net sales of 10 per cent for the fiscal year ended Feb. 28, 1963 over the previous fiscal year. For the three month period ended May 31, 1963, net sales were up 42 per cent over the corresponding period a year ago.

Wing attributed the sharp turnaround in the company's profit picture to management's decision to pursue a course of aggressive expansion as opposed to retrenchment or simply maintaining the status quo.

Commission Approves New Subdivisions

Regional Planning Commissioners this week approved two new subdivisions in the Southwest area.

Landbar Construction Co. received an approval on its plans to construct 48 homes on a 13-acre parcel located at High Ridge and Bluff Springs Roads in the Palos Verdes zoned district.

The Regional Planning Commission also approved plans for a 92-acre subdivision at Hawthorne Boulevard and High Ridge Road. There will be 348 new homes in the area.

In other action, Talmage Naglestad of Lomita was granted approval of his petition for an exception to zoning requirements for construction of a duplex on his lot.

Two Teachers Get Allstate Scholarships

Marlin C. Muse and Richard L. Ruffell, both of Torrance, have been granted Allstate Foundation scholarships for advanced studies in driver education at Los Angeles State College. The two are among 35 teachers who received the grants.

Allstate makes the grants available to colleges and universities in 28 states to help meet the need for qualified teachers of driver education. The program began its 11th year this summer.

The grants have provided specialized education for selected teachers for 10 years. More than 11,000 teachers of driver education and driver training have studied under the grants.

Top Sales Total of City Told

Taxable sales in Torrance for the fourth quarter of 1962 reached a total of \$52,801,000, according to the quarterly report of the State Board of Equalization issued recently in Sacramento.

Retail stores accounted for the bulk of the sales, totaling \$43,305,000. Itinerant and mail-order vendors reported \$344,000 in sales, business and professional services \$925,000, and manufacturing, wholesale, contracting, and miscellaneous outlets another \$8,227,000.

Largest single class of business sales was in general merchandise stores which reported a taxable sales total of \$16,575,000 for the October, November, December period of 1962.

MOTOR VEHICLE dealers reported sales totaling \$4,026,000, food stores \$2,926,000, eating and drinking places \$2,645,000, and packaged liquor stores \$1,471,000. The food store sales represent only taxable items and do not include the bulk of the grocery shopping for foodstuffs.

Service stations and auto stores added another \$2,706,000 to the retail total and building materials and farm implement stores added another \$2,005,000. Apparel stores reported \$3,595,000 and home furnishings and appliance stores added \$2,425,000.

Second Camp Session Set For July 8

The second two-week camping session for the Crippled Children of Los Angeles County will begin July 8. The campers will go to one of two camps operated by the Crippled Children's Society.

Janice Farland, 14, of 20429 Kent Ave., will spend her camp weeks at the Joan Mier beach camp. Gloria Aintablian, 14, of 1701 W. 241st St., will also be at the beach camp.

This is the second of five planned sessions during the summer. The camps include all camp programs, but the activities are geared to a slower pace for the handicapped children.
